

Minutes from September 26th, 2015 Monthly Meeting

Attendance: Terry Marcum - President
Steve Reynolds - Vice President
Jerry Zito - Secretary
Larry Reynolds – Member
Ed Jones – Member
Pat Kileen – Member

Meeting called to order by **Terry**.

OLD BUSINESS

The only old business was the Civil Air Patrol Event to be held at the club field. Since then the event was moved to Ormond Municipal Airport.

NEW BUSINESS

Terry discussed the club T-shirts. He has been in contact with Tee Shirt Madness Express. The owner does not require a set up fee, so there is no minimum order amount. Long and short sleeve shirts are available, and most any color is available. **Jerry** will prepare a list of member's orders.

Terry discussed the Civil Air Patrol R/C event on September 27th. **Terry** provided an aerial view of the airport layout and access points for members who wished to participate. **Terry** pointed out areas of the airport for flying and directions. **Terry** requested as much participation from the club as possible.

Terry discussed the apparent continuing problem of members flying aircraft outside the physical boundaries of the field. Warnings have been given, and yet it continues. I don't think there is a need to remind everyone how fragile our occupancy of the field is. We fly there by the grace of Ormond Beach. One crash into a house, public structure, or vehicle, can result in our expulsion from the field, and permanent cancelation of our agreement with the City of Ormond Beach. **Terry** discussed some form of disciplinary action. Perhaps a letter of counseling for violations. The problem is that we are all grown men in a friendly club. Discipline really doesn't fit a fun, friendly flying club. The matter is open for further discussion.

As there was no further new business or discussions, the meeting was adjourned.

Addendum-1 Since the meeting, Terry advised that in addition to the size style and color of the shirt, a member may choose any one or more of five different designs. This last design is a copy of the oval shaped decal that has the name of the club and "Home of the Flying Buzzards" This design would be great as a pocket size design on the front of the shirt. If you have already placed your order but wish to change, let me know and I will make the change. This will be forwarded to members via email. (See designs below)

Addendum-2 Since the meeting, I received an email from Capt Gositha "ACE" Dewage, CAP

Ormond Beach Composite Squadron Aerospace Education Officer. He wanted me to express his gratitude on behalf of the Civil Air Patrol to our club for not only making the event a success, but also

contributing to the education of the cadets, who may well go on to careers in aviation. "Ace" knows that more club members would have attended if they could. Thanks to Terry, Romeo, Enrico, and ED. By the way, Terry and Enrico made pretty good announcers.

Respectfully Submitted,

Jerry Zito, Secretary O.B.R.C.C.

Safe and Happy Flying!

Copies of these minutes will be distributed to members and posted on the web site.
